Operation Xcel 6-Week EOG Bootcamp

The North Carolina End-of-Grade Tests are designed to measure student performance on the goals, objectives, and grade-level competencies specified in the North Carolina Standard Course of Study. Using the NC test specifications, released on May 18, 2021, we have developed a 6-week program that will expose students to the standards based on their importance and weight distribution.

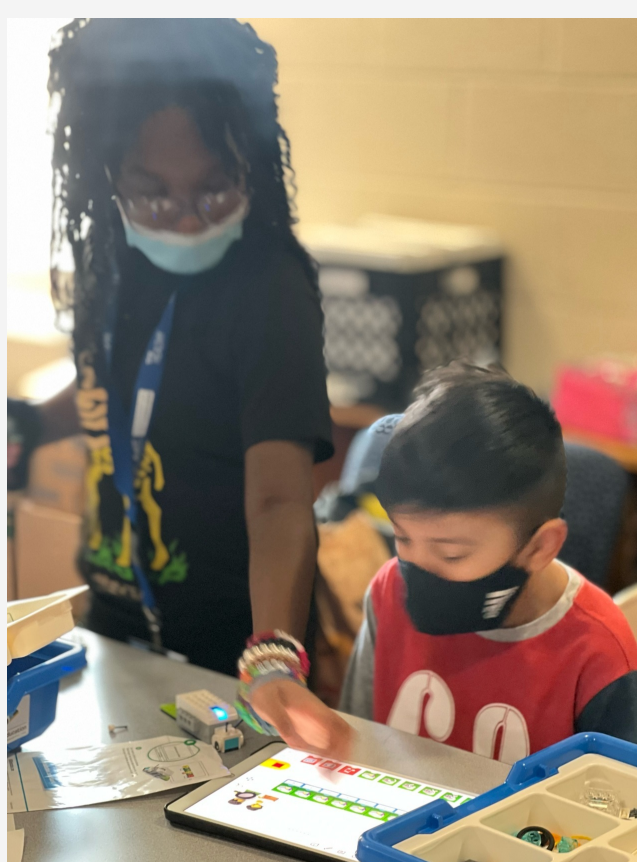

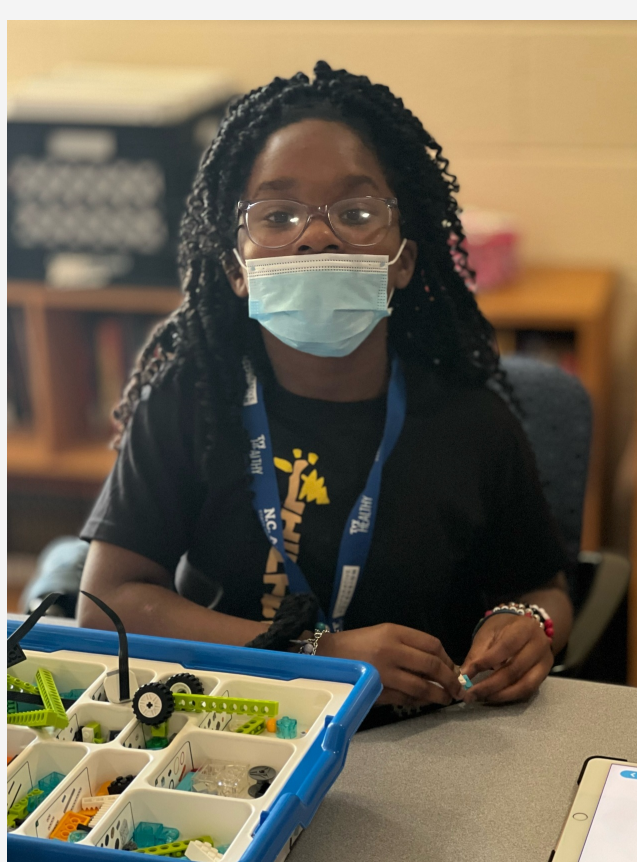

During these 6-weeks students will be exposed to...

- hands on strategies
- manipulatives
- test taking tips
- released EOG questions
- robotics
- poetry
- cooking classes
- standards-based projects
